

## American Government Guided Reading

Guided by the belief that students must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like “The Living Constitution” to new features like the illustrated historical timelines, *American Government: Continuity and Change* provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush's second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

Unlock complex informational text through close reading. Use this book as a guide to teach close reading in a way that delves deeply into the text and aligns with the Common Core State Standards. Each standards-based lesson includes: Complex informational text that is grade-level appropriate; text-dependent questions designed to facilitate discussion and provide differentiation for all students; Thought Capturers to help students organize their ideas for writing; and constructed response prompts, exemplars, and rubrics.

*Declaration of Statesmanship* is a one-of-a-kind American Government high school course. It unites history, philosophy, and civics in a dynamic blend of narrative and argument. The authors of the course continually endeavor to match the thoughtfulness and elegance of the multiplicity of original sources and fundamental texts found in this course which were pivotal in the founding of the nation. The course has three primary parts. In the first, the text explores the ideals and principles of this nation as expressed in The Declaration of Independence. It examines the philosophy and religious teaching that influenced the founders in their decision to write the Declaration and leave Great Britain. Then the text considers the Declaration in detail and shows how The Articles of Confederation and The Constitution establish a government which fulfills the Declaration's ideals. The second part of the course investigates how some of our greatest statesmen were guided by these same ideals when dealing with the difficult questions of slavery and civil rights. From even before the founding there was a conflict between the ideas of liberty and the existence of slavery. This part of the course reviews how the founding generation addressed the problem of slavery present in the new nation and how future statesmen have used those same ideals in their struggles. America needs great statesmen, but it has an even greater need, a need of people capable of living as free men. In the third part, the course uses Alexis de Tocqueville's *Democracy in America* to analyze the peculiarities of America which allowed this experiment in democracy to be so successful, and what is needed to maintain the freedom and self-rule which we have inherited. *Declaration of Statesmanship* has been designed as a one semester course in American Government for high school students. The program is made up of 4 different components which give students everything they need. Reading Book: The Reading Book contains the bulk of the original writings and documents which accompany the course. This course is the perfect tool to inform future generations of their rights, duties and responsibilities as American citizens living in the civic state that is the American Government.

The Committee on House Administration is pleased to present this revised book on our United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question-and-answer format covers a broad range of topics dealing with the legislative, executive, and judicial branches of our Government as well as the electoral process and the role of political parties.--Foreword.

American government is not just one story—it's many stories. Our stories. And they are still being told. In *American Government: Stories of a Nation*, author Scott Abernathy tunes in to the voices of America's people, showing how diverse ideas throughout our nation's history have shaped our political institutions, our identities, the way we participate and behave, the laws we live by, and the challenges we face. His storytelling approach brings the core concepts of government to life, making them meaningful and memorable, and allowing all students to see themselves reflected in the pages. For the new Brief Edition, Abernathy has carefully condensed and updated the content from the Full version, giving you the information you need--and the stories you can relate to--in a more concise, value-oriented package.

"Discover why there are fifty stars on the flag, and some places where it flies"--Provided by publisher.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

Ford/Bardes/Schmidt/Shelley's AMERICAN GOVERNMENT AND POLITICS TODAY equips you with the knowledge to make informed choices and the tools to play an active role in the decision-making process in your community. Completely up to date, the 19th edition covers the 2020 primary and general elections, COVID-19, civil liberties in quarantine, climate change, gun violence, race and gender dynamics, migration and immigration, and social media's prominent role in politics. The text also explores the roots of political polarization, its impact on civil discourse and shared governance, and the consequences when our divisions prevent us from solving public problems. Engaging examples of politics, politicians and policies bring chapter concepts to life, while Politics in Practice features provide an up-close view of people taking political action -- and also suggest ways for you to get involved. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Guided by the belief that readers must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like "The Living Constitution" to new features like the illustrated historical timelines, Essentials of American Government: Continuity and Change provides the historical context readers need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This Essentials edition includes the coverage found in the comprehensive version of the text but in a condensed format. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush's second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

It has, improbably, been called uncommonly lucid, even riveting by The New York Times, and it was a finalist for the 2004 National Book Awards nonfiction honor. It is a literally chilling read, especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States-which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean-it details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts-it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7-it is nevertheless an essential record of one of the most transformational events of modern times.

This new offering from AP® teacher Karen Waples and college professor Scott Abernathy is tailor-made to help teachers and students transition to the redesigned AP® U. S. Government and Politics course. "Introduces pre-readers to simple concepts about Mt. Rushmore using short sentences and repetition of words"--Provided by publisher.

Bringing together a wide range of research on reading disabilities, this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective. Emphasizing that learning to read proficiently is a long-term developmental process involving many interventions of various kinds, all keyed to individual developmental needs, it addresses traditional questions (What is the nature or causes of reading disabilities? How are reading disabilities assessed? How should reading disabilities be remediated? To what extent is remediation possible?) but from multiple or alternative perspectives. Taking incursions into the broader research literature represented by linguistic and anthropological paradigms, as well as psychological and educational research, the volume is on the front line in exploring the relation of reading disability to learning and language, to poverty and prejudice, and to instruction and

schooling. The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities. Throughout, their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers.
